Collamin Design is a jewellery design company with a difference. Nothing is mass-produced.

We design unique pieces for each individual. This means that you in this book can find inspiration for how we can create your own custom made piece of jewellery.

Our exclusive collection of jewellery is entirely made from natural materials and different kinds of semi-precious stones and metals.

*Colour Galaxy*

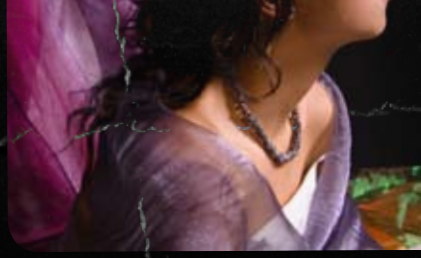

nr. 1209311 necklace  
coloured freshwater pearls

A close-up photograph of a woman's neck and shoulders. She is wearing a necklace made of small, freshwater purple crosses. The necklace is a single strand of these crosses, which are arranged in a slightly curved line around her neck. The woman has dark, wavy hair. She is wearing a light-colored, possibly white, top. The background is a soft, out-of-focus green, suggesting an outdoor setting with foliage. The lighting is soft and natural, highlighting the texture of the necklace and the woman's skin.
